

POF MATERIAL TESTING LABORATORIES WAH CANTT

TESTING | CALIBRATION | COMMERCIAL PRODUCTS

WHY PMT Labs?

- ▶ Facility for More than **900** different types of tests at one place.
- ▶ Achieved Best **Z score** (0.0 value- Center Line) among all the Labs of USA, UK, Japan, Canada, France, Germany, Korea etc in PT Competition held internationally by ASTM USA in 2015-16
- ▶ An accredited Lab By M/s PNAC for ISO 17025
- ▶ Certified for ISO 9001, 14001 and OHSAS-18001 by TUV Austria
- ▶ Provision of test services, Same day/Next Day/ Rush Services
- ▶ Online Services from Anywhere and at anytime
- ▶ Online Request Submission and receipt of test results
- ▶ Facility to check status through our webportal
- ▶ Latest & State-of-the-art Machines and highly Qualified engineers

900+
Test Types

Our mission is to provide most efficient, high quality and in-time services to our customers in the field of Materials Testing and Calibration.

Our vision is to become most competitive in high quality material testing in the region, meeting latest standards and ensuring efficient customer service.

WE TAKE PRIDE IN

- Passion
- Integrity
- Innovative Spirit
- Integrated approach
- Professional Commitment
- Safety and Reliability
- Strong Relationship with our customers

WE PROVIDE FOLLOWING SERVICES ON COMPETITIVE RATES

- Testing/Analysis
- Calibration
- Training
- Failure Investigation

MATERIAL TESTING SERVICES AND TRAININGS

"QUALITY is our top priority".

Whether designing a product, selecting materials, verifying a production process or investigating a problem, we have solutions for you.

Our **ACCREDITED** Services include:

Chemical Analysis

Physical Testing

Mechanical Testing

NDT
(Radioscopic, Ultrasonic etc)

Specimen Machining

Rubber and Plastic Testing

Metallographic Testing

Refractory Materials

CALIBRATION SERVICES:

- Thermoelectric sensing and measuring instruments of E, J, K, R, S and T type
- Hardness Blocks and Testing Machines
- Universal Testing Machines upto 100 Tons
- Lab glass apparatus

COMMERCIAL PRODUCTS:

- Iron Phosphating Solution
- Zinc Phosphating Solution
- Metal Cleaner

OUR ACHIEVEMENTS

“Our Achievements reflect our quality services.”

PMT Labs have demonstrated credibility, professional credentials as well as multi-discipline certifications.

- Acquired best requisite Z-score in multiple testing techniques through internationally held proficiency Testing (PT) competitions organized by M/s ASTM in 2015-16.
- Acquired top positions in Inter-Lab Competition among laboratories of Pakistan.
- PMT Labs acquire following Certifications
 - i. ISO 9001:2008 QMS
 - ii. ISO 14001:2004 EMS
 - iii. OHSAS 18001:2007
 - iv. ISO 17025:2005 Laboratory System for Competence in Testing and Calibration

STANDARDS

To ensure Quality services and accurate results, we follow variety of International Standards including:

- American Society for Testing and Materials (ASTM)
- International organization for Standardization (ISO)
- American Society of Mechanical Engineers (ASME)
- American Petroleum Institute (API)
- B.S.S (England)

SPECIFICATIONS

- Chinese Specifications (YB, GB, WJ)
- American Specifications (QQ, MIL-STD, MIL, IU)
- British Specifications (BS, L, S, DEF-STAN, CS, STA)
- German Specifications (VTL, DIN, VG)
- Other Specifications (AASHTO, ANSI, IA-Inspection for Paints, PS)

Get in-time, quality services, answers and certified reporting to aid your business needs in the destructive, non-destructive and analytical testing from PMT Labs.

QUALITY ASSURANCE

We ensure quality by following:-

- Highly Qualified Professional Engineers and Staff
- Latest Hi-Tech testing machines and equipments
- Automation and Online test result generation
- Standard methods and work environment
- Participation in Inter lab Competitions at National and International Level.
- Monitoring test skills of Operator by adopting control charts based on Certified Reference Materials (CRM), retained and replica samples.
- Effective system of Training and Professional Development

MATERIALS

We have facility to test following Materials:-

- All types of Ferrous Alloys, Steel & Cast Iron, Tungsten Alloys, Tool Steel etc.
- All types of Non Ferrous Alloys, Copper, Brass, Aluminum alloys etc
- Vegetable and Mineral Oils,
- Phosphating Solutions,
- Paint, Grease, Petrol, Chloroform, Soap
- HDPE, LDPE, Ultra-amide, Polyethylene, Polypropylene, Nylon MC tubing, Polyamide
- Polythene bag, Rubber sheet, Rubber Gasket
- PVC, Chip board, Emery paper
- All types of Refractory Materials
- Plating Solutions & Passivating Solutions

Ensuring convenient and reliable services for our customers
